CHARLEROI WOMAN IS DROWNED AT SHARON

Mrs. Wilding one of Flood Victims in Mercer County

SEARCHING FOR BODY

John Henrion, a Brother, and Joseph Haube, a Brother-in-Law Go to Scene

A former Charleroi young woman, Mrs. L. P. Wilding, whose maiden name was Miss Amelia Henrion and who was a sister-in-law of Joseph Haube, the florist, was drowned Thursday in the flood at Sharon. Her relatives here learned of the tragedy last night and today Joseph Haube and John Henrion, a brother left for Sharon, to recover the body if possible.

The story told of Mrs. Wilding's drowning is that a rescue boat Thursday morning went to her home in Vine street and took her and Mrs. Rosenblum, who was in the house also, into the boat. The craft was swamped in the swirling waters before it would get away from the house. Mrs. Wilding was drowned. Mrs. Rosenblum was dragged from the water just as she went overboard.

Mrs. Wilding will be remembered as the young woman who formerly clerked at the Haube floral store on Fallowfield avenue. She was married just nine months ago today moving to Sharon with her husband. She was a well known and popular young woman. If her body is recovered it will be brought to Charleroi for the funeral.

Telegrams are still being sent by anxious ones here to friends in the flood devastated sections. E. Hunt, clerk at the Wilbur Hotel has been unable to locate any news of relatives in Dayton.

PRACTICALLY NO CHANGE IN STRIKE

There is practically no change in the strike situation among the Adams' Expres company employes. The strike is still in effect and office men are endeavoring to handle the trade. In Charleroi a force has been imported from elsewhere and is doing its best to handle the work through lack of knowledge of conditions and location of street has made the work difficult. Such a plan is being carried out by the company in other places it is stated. It is not generally thought the strike will be of long duration.

First Story Of House is Burned Out

Between $200 and $300 damage was wrought by fire at a house occupied by a foreign family at the alley back of Tenth street and Prospect avenue this morning at about 1 o'clock. The fire started in a bed room from an unknown source. Part of the first story was gutted. The firemen were summoned to the scene by the ringig of alarm No. 25. They were aided in their work by outside volunteers. When the firemen made their first appearance at the alarm box no one was there to tell them the location of the fire and they were about to leave when one detected the flames in a window from the hillside home.

WILL PLAN INSTITUTE

Meeting of School Representatives to be Held Here

TO BE TRI-TOWN AFFAIR

Tonight representatives of the Charleroi, Donora and Monongahela schools will hold a meeting at the Ninth street school, Charleroi for the discussion of the proposal made sometime ago to hold a tri-town institute for teachers next fall or winter. From Monongahela will be present Superintendent of schools R. G. Dean, Joseph A. Herron and Dr. C. T. Graves; from Donora, Dr. W. H. Cowan and principal of schools Edward Reed and from Charleroi Superintendent of schools T. L. Pollock, J. M. Hill, H. J. Booth and Dr. F. C. Stahlman. Donora is not yet under the supervision of a superintendent, but it will be soon if plans are carried out.

It is planned to hold the institute this fall in Charleroi where the large new school auditorium will be used if the new school building is finished. The plans call for either a five-day sessions, or two or even three sessions at different periods during the year. It is considered that with the three towns co-operating as good an institute, if not better could be held more conveniently than a county institute

The Monongahela aerie of Eagles initiated 35 new members Wednesday night, while the applications of 20 others were filed. A large number of the members were present and speech making was a feature. Robert Steel was presented with a past president's jewel. The presentation speech was made by Carl E. Gibson. The affair was closed with a banquet.

COUNTRY SUFFERS THROUGH TERRIBLE OHIO CATASTROPHE

The whole country is stunned by the terrible catastrophe that occurred in Ohio and certain Pennsylvania and Indianna towns this week. Not only is the country suffering from the immense loss of life, but in a business way the disaster will have a tremendious effect. The railroads service is demoralized and it will take time to find just how great the damage is. It will run up into millions.

Western Pennsylvania industries have suffered. In Fayette county hundreds of men are idle because of the flood devastation. Coke plants were forced to close. Railroads absolutely refused to accept shipments of coke to the west. Operators shipping north or east are not affected by the embargo which has been placed on the western shipments.

A number of mills that use material secured from the west have been embarassed by the flood, and in places where the supply is about exhausted, certain shops have been compelled to close down.

FAYETTE CITY BUSINESS MEN DISCUSS RELIEF

At the Business Men's smoker at Fayette City last night the matter of relief of the Ohio and Indiana flood sufferers came up and a committee composed of A. E. Thomas, cashier of the Citizen's Bank and Guy W. Brown, cashier of the Fayette City National Bank was appointed to solicit funds, clothing and food supplies. Word has been received from officials of the P. & L. E. railroad that the road will transport any supplies for flood sufferers free of charge.

President Steinman opened the smoker with an address of welcome and turned the meeting over to Rev. Geo. B. Hackett, who officiated as toastmaster. A glee club of young men of the association rendered music. Addresses were made and all enjoyed a pleasant social evening.

SUBSCRIPTION DANCE PLEASING SOCIAL EVENT

One of the neatest and most enjoyed social events of the entire winter season was a formal dance given in the Might Auditorium Thursday evening by a committee of Charleroi young men. Approximately 60 couples from Charleroi and numerous surrounding towns attended the affair.

Giunod's orchestra of Pittsburg furnished the music for the occasion. Dancing started shortly after 8 o'clock and continued until 2, with a buffet lunch being served near midnight.

The auditorium was festively decorated, although there was a quiet dignified color harmony in the festooning and drapery. Suspended from the ceiling and reaching to every corner of the room were long lavender and white steamers. These were caught at their center, so that the effect was a large garlanded tent. The windows were curtained with streamers of the same color and material. Chandeliers were made beautiful with decorations of wisteria and other spring flowers. Greens were located at various points of the room. A border of white was formed on the floor by a peculiar kind of material and chairs were covered with white.

The following committee looked after the entertainment of the visitors: Dr. G. H. Smith, E. W. Hastings, Dr. J. Clive Enos, Hugh E. Fergus, Esq., Charles S. Bateman, Roland W. Brown, Ewing B. Todd, George W. Cooper, S. W. Sharpnack, and George W. Might.

There were guests present from Pittsburg, Washington, Monongahela, Monessen, Clairton, State College and several other points.

CELEBRATION ARRANGED AT MONONGAHELA

Final arrangements have been made by the miners of Sub-district No. 3 of District No. 5 for the celebration next Tuesday at Monongahela in honor of the eight hour day, which was inaugurated by the miners on April 1. A parade will take place at 10 o'clock with speaking at the Anton Theatre, which begins at 11 o'clock.

Thomas L. Lewis of Bridgeport, O., former International President of the United Mine Workers of America will deliver the "Eight-Hour" address. Other speakers, including "Mother" Jones, who has been conspicuous in the West Virgonia strike have been invited to be present and it is the expectation of the committee that a number will accept.

The Italian band of Monongahela will furnish music for the day. In the afternoon a foot ball game will be a feature.

NEW USE FOR THE ARMY.

The prompt requisition of the resources of the United States war department for relief purpoes in the flooded district of Dhio and Indiana by President Wilson is a most sensible and practical move. All the available hospital supplies, tents, nurses, surgeons and emergency rations have been dispatched to the scene, while the active commander of the army and the secretary of war have gone to survey the situation. Even the president himself will go if it is deemed necessary. The army will be utilized if it is deemed expedient in maintaining order and the president seems determined to use the whole resources of the war department in ameliorating the sufferings and distress of our own people.

This new use of the war department and the army is a most practical one and will commend itself to the people in general. It should be utilized to its fullest extent even to the point of exhausting every resourse in that direction. Nowhere can the army surgeons and the hospital supplies that are always held in reserve for the possible contingency of war be used to better advantage. This war of the elements is more deadly than mortal combat and the present emergency demands prompt action. This is one instance where the war department and its accumulated resources can be utilized in the real intereests of humanity.

BUSINESS SAFE.

The language of President James B. Laughlin of the Jones & Laughlin Steel company of Pittsburg, regarding business prospects and the industrial situation generally in this country must appeal to all who take a commonsense view of the matter. Mr. Jones says:

"Any concern which is properly organized and run on a proper, honest basis, need not have the least fear about the so-called disturbances we are going to have."

As a matter of fact why should any political policy be disastrous to a business that is based on a solid foundation and conducted on correct business principles? If a business is bolstered up and subsidized by high tariff rates, then the foundation of that business is special privilege. This is contrary to all recognized laws of justice, equity and man's rights as set forth in the Declaration of Independense and the sooner the system is wiped out the better for humanity in general. The business that demands tribute and blood money from the public should be classed with that of Captain Kidd and the rest of the buccaneers.

PICKED UP IN PASSING

Nation-wide plans for the better protection of young women travelers are being perfected by the Young Women's Christian Association.

A committee, appointed recently by Mrs. James S. Cushman, president of the Metropolitan Board, has under consideration the posting in every railroad station and street railway car and station in the United States of the following warnings:

"Girls should never speak to strangers, either men or women, in the street, in shops, in stations, in trains, in only country roads or in places of amusement.

"Girls should never ask the way of any but officials on duty, such as policemen, railway officials or postmen.

"Girls should never stay to help a woman who apparently faints at their feet in the street but should immediately call a policeman to her aid.

"Girls should never accept an invitation to join a Sunday school or Bible class given them by strangers, even if the strangers are wearing the dress of sisters, or are in clerical attire.

"Girls should never go to an address given them by a stranger.

"Girls should never go with a stranger, even if the stranger is dressed as a hospital nurse or believe stories of their relatives having suffered accident or having been taken ill suddenly as this is a common device to kidnap girls.

"Girls should never accept candy, food, a glass of water or smell flowers offered to them by strangers. Neither should they buy scents or food or candy at their doors. Any of those things may contain drugs.

"Girls should never take situations without first making inquiries through a society active or affiliated in travelers' aid work.

"Girls should never go to any large town even for one night without knowing of a safe lodging."

"Funny thing about Uncle Sam going into the business of advertising moving pictures," remarked a visitor at the Coyle Theatre the other evening.

"How's that?" inquired Manager R. S. Coyle.

"Why, the Bison films," replied the visitor. "Haven't you noticed the bison on the new nickel? It's the prototype of the bison that advertises the films, and is surely a good ad for the pictures."

Granted Insurance After Consumption

There are so many cases of Consumption reported where the details show the disease started with a cold or a cough, that it is really surprising that people are not more anxious to immediately stop these apparently minor troubles. Our advice is "stop the cough or cold, if possible, without delay." Otherwise more serious troubles are likely to follow. If the medicines you are now taking do not bring relief, try Eckman's Alterative, as this man did:—

237 Dean St., Brooklyn, N. Y.

"Gentlemen: I am giving you below a brief history of my case, which I trust you will use for the benefit of those suffering from any similar troubles.

"About a year and a half ago I noticed that my health was rapidly failing, until at the end of six months my weight had fallen to 120 pounds. I was troubled with night sweats, a severe cough and was very weak, having in fact absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who after examining me said that I was in the first stages of consumption. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative. I should be very glad to communicate with any one who would be interested in my case.

(Sworn Affidavit) W. E. GEE.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. BEST $5 HE EVER SPENT

Bristol, Pa., Man Says So in This Letter.

Months of suffering and anxiety over his condition caused Mr. A. L. Kennedy of Bristol, Pa., to write this letter. He says: "Grippe and a bad cough caused me much suffering and worry for five long months but that is all over now for I have taken Vinol and am perefctly well. I took five bottles and it was the best five dollars I ever spent."

In health one cannot realize how depressed a person may become after trying one remedy after another for such a condition as Mr. Kennedy was in, without benefit or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of cods' livers without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron, that makes Vinol so efficient in overcoming chronic coughs, colds and bronchitis at the same time building up the weakened run-down system.

We guarantee Vinol to give you perfect satisfaction. Piper Bros., Druggists.

CHARLEROI WOMAN IS DROWNED AT SHARON

Mrs. Wilding one of Flood Victims in Mercer County

SEARCHING FOR BODY

John Henrion, a Brother, and Joseph Haube, a Brother-in-Law Go to Scene

A former Charleroi young woman, Mrs. L. P. Wilding, whose maiden name was Miss Amelia Henrion and who was a sister-in-law of Joseph Haube, the florist, was drowned Thursday in the flood at Sharon. Her relatives here learned of the tragedy last night and today Joseph Haube and John Henrion, a brother left for Sharon, to recover the body if possible.

The story told of Mrs. Wilding's drowning is that a rescue boat Thursday morning went to her home in Vine street and took her and Mrs. Rosenblum, who was in the house also, into the boat. The craft was swamped in the swirling waters before it would get away from the house. Mrs. Wilding was drowned. Mrs. Rosenblum was dragged from the water just as she went overboard.

Mrs. Wilding will be remembered as the young woman who formerly clerked at the Haube floral store on Fallowfield avenue. She was married just nine months ago today moving to Sharon with her husband. She was a well known and popular young woman. If her body is recovered it will be brought to Charleroi for the funeral.

Telegrams are still being sent by anxious ones here to friends in the flood devastated sections. E. Hunt, clerk at the Wilbur Hotel has been unable to locate any news of relatives in Dayton.

PRACTICALLY NO CHANGE IN STRIKE

There is practically no change in the strike situation among the Adams' Expres company employes. The strike is still in effect and office men are endeavoring to handle the trade. In Charleroi a force has been imported from elsewhere and is doing its best to handle the work through lack of knowledge of conditions and location of street has made the work difficult. Such a plan is being carried out by the company in other places it is stated. It is not generally thought the strike will be of long duration.

First Story Of House is Burned Out

Between $200 and $300 damage was wrought by fire at a house occupied by a foreign family at the alley back of Tenth street and Prospect avenue this morning at about 1 o'clock. The fire started in a bed room from an unknown source. Part of the first story was gutted. The firemen were summoned to the scene by the ringig of alarm No. 25. They were aided in their work by outside volunteers. When the firemen made their first appearance at the alarm box no one was there to tell them the location of the fire and they were about to leave when one detected the flames in a window from the hillside home.

WILL PLAN INSTITUTE

Meeting of School Representatives to be Held Here

TO BE TRI-TOWN AFFAIR

Tonight representatives of the Charleroi, Donora and Monongahela schools will hold a meeting at the Ninth street school, Charleroi for the discussion of the proposal made sometime ago to hold a tri-town institute for teachers next fall or winter. From Monongahela will be present Superintendent of schools R. G. Dean, Joseph A. Herron and Dr. C. T. Graves; from Donora, Dr. W. H. Cowan and principal of schools Edward Reed and from Charleroi Superintendent of schools T. L. Pollock, J. M. Hill, H. J. Booth and Dr. F. C. Stahlman. Donora is not yet under the supervision of a superintendent, but it will be soon if plans are carried out.

It is planned to hold the institute this fall in Charleroi where the large new school auditorium will be used if the new school building is finished. The plans call for either a five-day sessions, or two or even three sessions at different periods during the year. It is considered that with the three towns co-operating as good an institute, if not better could be held more conveniently than a county institute

The Monongahela aerie of Eagles initiated 35 new members Wednesday night, while the applications of 20 others were filed. A large number of the members were present and speech making was a feature. Robert Steel was presented with a past president's jewel. The presentation speech was made by Carl E. Gibson. The affair was closed with a banquet.

COUNTRY SUFFERS THROUGH TERRIBLE OHIO CATASTROPHE

The whole country is stunned by the terrible catastrophe that occurred in Ohio and certain Pennsylvania and Indianna towns this week. Not only is the country suffering from the immense loss of life, but in a business way the disaster will have a tremendious effect. The railroads service is demoralized and it will take time to find just how great the damage is. It will run up into millions.

Western Pennsylvania industries have suffered. In Fayette county hundreds of men are idle because of the flood devastation. Coke plants were forced to close. Railroads absolutely refused to accept shipments of coke to the west. Operators shipping north or east are not affected by the embargo which has been placed on the western shipments.

A number of mills that use material secured from the west have been embarassed by the flood, and in places where the supply is about exhausted, certain shops have been compelled to close down.

FAYETTE CITY BUSINESS MEN DISCUSS RELIEF

At the Business Men's smoker at Fayette City last night the matter of relief of the Ohio and Indiana flood sufferers came up and a committee composed of A. E. Thomas, cashier of the Citizen's Bank and Guy W. Brown, cashier of the Fayette City National Bank was appointed to solicit funds, clothing and food supplies. Word has been received from officials of the P. & L. E. railroad that the road will transport any supplies for flood sufferers free of charge.

President Steinman opened the smoker with an address of welcome and turned the meeting over to Rev. Geo. B. Hackett, who officiated as toastmaster. A glee club of young men of the association rendered music. Addresses were made and all enjoyed a pleasant social evening.

The show is held by the Automobile Dealers Association of Pittsburg and is the first one to be held in the East Liberty market house. A program of entertainment for the professional auto men who attend has been provided and teh event is expected to greatly increase the interest in auto matters in this section of the state.

SUBSCRIPTION DANCE PLEASING SOCIAL EVENT

One of the neatest and most enjoyed social events of the entire winter season was a formal dance given in the Might Auditorium Thursday evening by a committee of Charleroi young men. Approximately 60 couples from Charleroi and numerous surrounding towns attended the affair.

Giunod's orchestra of Pittsburg furnished the music for the occasion. Dancing started shortly after 8 o'clock and continued until 2, with a buffet lunch being served near midnight.

The auditorium was festively decorated, although there was a quiet dignified color harmony in the festooning and drapery. Suspended from the ceiling and reaching to every corner of the room were long lavender and white steamers. These were caught at their center, so that the effect was a large garlanded tent. The windows were curtained with streamers of the same color and material. Chandeliers were made beautiful with decorations of wisteria and other spring flowers. Greens were located at various points of the room. A border of white was formed on the floor by a peculiar kind of material and chairs were covered with white.

The following committee looked after the entertainment of the visitors: Dr. G. H. Smith, E. W. Hastings, Dr. J. Clive Enos, Hugh E. Fergus, Esq., Charles S. Bateman, Roland W. Brown, Ewing B. Todd, George W. Cooper, S. W. Sharpnack, and George W. Might.

There were guests present from Pittsburg, Washington, Monongahela, Monessen, Clairton, State College and several other points.

CELEBRATION ARRANGED AT MONONGAHELA

Final arrangements have been made by the miners of Sub-district No. 3 of District No. 5 for the celebration next Tuesday at Monongahela in honor of the eight hour day, which was inaugurated by the miners on April 1. A parade will take place at 10 o'clock with speaking at the Anton Theatre, which begins at 11 o'clock.

Thomas L. Lewis of Bridgeport, O., former International President of the United Mine Workers of America will deliver the "Eight-Hour" address. Other speakers, including "Mother" Jones, who has been conspicuous in the West Virgonia strike have been invited to be present and it is the expectation of the committee that a number will accept.

The Italian band of Monongahela will furnish music for the day. In the afternoon a foot ball game will be a feature.

NEW USE FOR THE ARMY.

The prompt requisition of the resources of the United States war department for relief purpoes in the flooded district of Dhio and Indiana by President Wilson is a most sensible and practical move. All the available hospital supplies, tents, nurses, surgeons and emergency rations have been dispatched to the scene, while the active commander of the army and the secretary of war have gone to survey the situation. Even the president himself will go if it is deemed necessary. The army will be utilized if it is deemed expedient in maintaining order and the president seems determined to use the whole resources of the war department in ameliorating the sufferings and distress of our own people.

This new use of the war department and the army is a most practical one and will commend itself to the people in general. It should be utilized to its fullest extent even to the point of exhausting every resourse in that direction. Nowhere can the army surgeons and the hospital supplies that are always held in reserve for the possible contingency of war be used to better advantage. This war of the elements is more deadly than mortal combat and the present emergency demands prompt action. This is one instance where the war department and its accumulated resources can be utilized in the real interests of humanity.

BUSINESS SAFE.

The language of President James B. Laughlin of the Jones & Laughlin Steel company of Pittsburg, regarding business prospects and the industrial situation generally in this country must appeal to all who take a commonsense view of the matter. Mr. Jones says:

"Any concern which is properly organized and run on a proper, honest basis, need not have the least fear about the so-called disturbances we are going to have."

As a matter of fact why should any political policy be disastrous to a business that is based on a solid foundation and conducted on correct business principles? If a business is bolstered up and subsidized by high tariff rates, then the foundation of that business is special privilege. This is contrary to all recognized laws of justice, equity and man's rights as set forth in the Declaration of Independense and the sooner the system is wiped out the better for humanity in general. The business that demands tribute and blood money from the public should be classed with that of Captain Kidd and the rest of the buccaneers.

PICKED UP IN PASSING

Nation-wide plans for the better protection of young women travelers are being perfected by the Young Women's Christian Association.

A committee, appointed recently by Mrs. James S. Cushman, president of the Metropolitan Board, has under consideration the posting in every railroad station and street railway car and station in the United States of the following warnings:

"Girls should never speak to strangers, either men or women, in the street, in shops, in stations, in trains, in only country roads or in places of amusement.

"Girls should never ask the way of any but officials on duty, such as policemen, railway officials or postmen.

"Girls should never stay to help a woman who apparently faints at their feet in the street but should immediately call a policeman to her aid.

"Girls should never accept an invitation to join a Sunday school or Bible class given them by strangers, even if the strangers are wearing the dress of sisters, or are in clerical attire.

"Girls should never accept candy, food, a glass of water or smell flowers offered to them by strangers. Neither should they buy scents or food or candy at their doors. Any of those things may contain drugs.

"Girls should never take situations without first making inquiries through a society active or affiliated in travelers' aid work.

"Girls should never go to any large town even for one night without knowing of a safe lodging."

"Funny thing about Uncle Sam going into the business of advertising moving pictures," remarked a visitor at the Coyle Theatre the other evening.

"How's that?" inquired Manager R. S. Coyle.

"Why, the Bison films," replied the visitor. "Haven't you noticed the bison on the new nickel? It's the prototype of the bison that advertises the films, and is surely a good ad for the pictures."

Granted Insurance After Consumption

There are so many cases of Consumption reported where the details show the disease started with a cold or a cough, that it is really surprising that people are not more anxious to immediately stop these apparently minor troubles. Our advice is "stop the cough or cold, if possible, without delay." Otherwise more serious troubles are likely to follow. If the medicines you are now taking do not bring relief, try Eckman's Alterative, as this man did:—

237 Dean St., Brooklyn, N. Y.

"Gentlemen: I am giving you below a brief history of my case, which I trust you will use for the benefit of those suffering from any similar troubles.

"About a year and a half ago I noticed that my health was rapidly failing, until at the end of six months my weight had fallen to 129 pounds. I was troubled with night sweats, a severe cough and was very weak, having in fact absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who after examining me said that I was in the first stages of consumption. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative. I should be very glad to communicate with any one who would be interested in my case.

(Sworn Affidavit) W. E. GEE.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

BEST $5 HE EVER SPENT

Bristol, Pa., Man Says So in This Letter.

Months of suffering and anxiety over his condition caused Mr. A. L. Kennedy of Bristol, Pa., to write this letter. He says: "Grippe and a bad cough caused me much suffering and worry for five long months but that is all over now for I have taken Vinol and am perefctly well. I took five bottles and it was the best five dollars I ever spent."

In health one cannot realize how depressed a person may become after trying one remedy after another for such a condition as Mr. Kennedy was in, without benefit or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of cods' livers without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in overcoming chronic coughs, colds and bronchitis at the same time building up the weakened run-down system.

We guarantee Vinol to give you perfect satisfaction. Piper Bros., Druggists.
